

## AdventHealth Apopka PGY1 Pharmacy Residency Program

AdventHealth Apopka is a 120-bed acute care hospital that opened in early 2018 which will grow into a 200-bed hospital. Current services include emergency, critical care, interventional radiology, sports medicine, general surgery and cardiology.

### Our Mission

At AdventHealth Apopka, our mission is to extend the healing ministry of Christ to our community by providing the most advanced care in the area within a compassionate, caring environment that puts our patients and families first. The PGY1 pharmacy residency program was established in 2020. Our inaugural class graduated in June 2021. Our program's purpose is to build on the Doctor of Pharmacy (PharmD) education and outcomes to contribute to the development of clinical pharmacists responsible for medication-related care of patients with a wide range of conditions. Additionally, these pharmacists will be eligible for board certification and postgraduate year two (PGY2) pharmacy residency training.
