Program objectives

The overall goal of the program is to cultivate future CVS Health[®] leaders through in-depth exposure to clinical practice, patient-centered care, innovation and organizational leadership. Partnered with The University of Toledo College of Pharmacy and Pharmaceutical Sciences, this 12-month intensive program is designed for the resident to learn the different facets of community and long-term care pharmacy practice through experiences in patient care, consulting, infusion services, anticoagulation, operations/dispensing, practice management, teaching and research.

Selection process

Please submit the following materials through PhORCAS by December 31, 2021

- Curriculum vitae
- Three letters of recommendation — two from health professionals related to pharmacy curriculum (instructors) and one from an employer or the reference writer can use the standard form in PhORCAS
- Letter of intent summarizing why you are pursuing this residency at CVS Health[®] and detailing your career objectives
- Official transcripts from each college attended

Upon receipt of materials, you may expect

- A telephone or virtual interview with members of the residency committee
- An on-site interview

Required residency activities

- Complete and present a community pharmacy residency project suitable for publication
- Present a residency project at a national pharmacy meeting
- Successfully complete projects within rotation areas
- Participate in periodic journal clubs and presentations
- Participate in training programs to enhance technical, professional and personal skills

Program details

Specific residency objectives include

- Providing the pharmacy resident with exposure and a deep understanding of the company's business model
- Offering accelerated opportunities to practice as part of an interdisciplinary team
- Sharpening clinical knowledge base and critical thinking skills
- Helping the pharmacy resident gain management skills and leadership competencies
- Providing the opportunity to learn about the many and varied career paths available within CVS Health®
- The program calls for highly motivated candidates interested in mastering long-term care pharmacy practice as well as the competencies required to lead multidisciplinary teams and be well prepared to assume a leadership role in community pharmacy practice or in a corporate setting in the future.

At the residency conclusion, residents will be able to

- Perform direct and indirect patient care activities
- Perform clinical assessment and dosing in anticoagulation and infusion services
- Perform medication regimen reviews
- Collaborate with other CVS Health colleagues across our enterprise as well as other health care professionals
- Learn effective skills in operating a long-term care pharmacy
- Exercise leadership and practice management skills
- Engage in health care reform discussions and provide services to the community
- Analyze medical and pharmacy literature to effectively solve clinical problems
- Earn a teaching certificate with experiences in all teaching models including didactic, CE and experiential
- Design and implement a novel service or research at their site

Program requirements

- PharmD candidate from a U.S. accredited program
- Pharmacist licensure in Ohio
- Background in community pharmacy practice with interest in organizational leadership
- Strong communication and presentation skills
